

CASUALTY CARE

First aid on remote sites

DURATION	GROUP SIZE	VENUE	VALIDATION
2 days	6 to 12 people	At your site	KABUTO certificate

Who it is for

Camps, remote sites, rotating teams

Prerequisites

Have taken SST or an equivalent first aid course

Learning objectives

By the end of the course, the trainee is able to:

- Care for a casualty when help is several hours away
- Carry out prolonged monitoring and hand over the vital signs
- Recognise and manage heatstroke, dehydration and bites
- Prepare an evacuation request and its handover file

Content

- Caring for a casualty when help is several hours away
- Prolonged monitoring: vital signs, handover, relief
- Heatstroke, dehydration, bites and stings
- Preparing the evacuation request and the handover file
- Prolonged care exercise, from collapse to the arrival of the transport asset

Teaching methods and resources

Face-to-face training, on your site, in French or in English. Short theory inputs and scenarios on your facilities.

Documents issued

Named certificate of attendance and assessment sheet

Assessment

Continuous assessment through scenarios, plus an individual sheet filled in step by step and given to the trainee.

Trainer

A trainer from professional emergency services: nurse, firefighter or military. Their identity, qualifications and professional liability certificate are sent to you before the session.

Lead time

Quote within 48 working hours. The date is then set with you, according to our availability and your production constraints.

Price

On quotation, depending on group size, location and dates. Reply within 48 working hours.

Accessibility

Our courses are open to people with disabilities. The adjustments needed are studied case by case before the session with our disability officer, reachable on 06 51 36 51 97.

Training for companies and organisations only, always delivered at the client's site.
